UNIV. OF MICH.

IN THIS ISSUE:

Reports of Two-Important National Conventions

American Water-Works Association
American Society for Testing Materials

TECHNICAL ARTICLES:

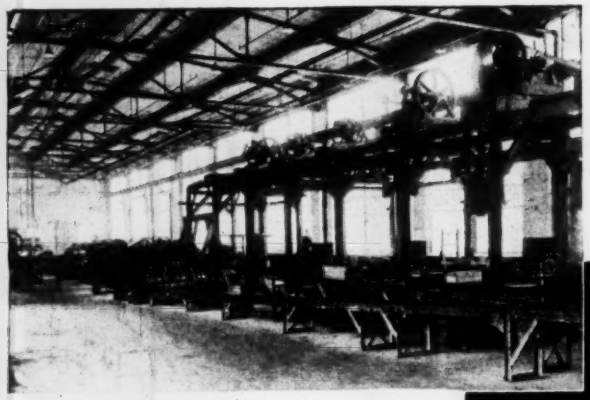
Gasoline versus Motor Vehicle Tax in Great Britian
By E. J. Mehren
Editor "Engineering News-Record"

Irrigation Canals Concrete Lined without Forms
By Francis Cuttle

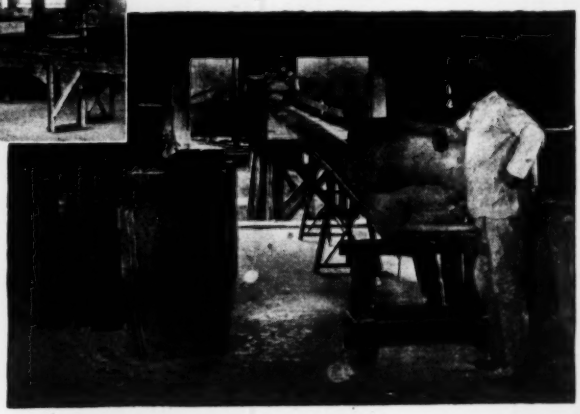
Precast Slabs for Concrete Road Base Repairs
By Charles B. Dugan

Method of Estimating Sewer Construction Costs

Lining Canal at Riverside, Cal. without use of Forms



Writes the firm of Baldauf & Schlientz, Builders' Supplies, Marion, Ohio:—"The conveyer equipment you shipped us Jan. 30th received and has been used in unloading several cars of hollow tile and brick. We find we can save the labor of one or two men and do the unloading about 50% more rapidly than we could without them—which effects still another big saving in the time consumed by our trucks in loading."



Mathews Conveyer systems are tremendous time, labor and expense savers—whether on loading and unloading work or in conveying materials anywhere about the plant or yard.

To save time and labor—use *Gravity*

Today's supply of labor is far too precious—and uncertain!—its cost too great, to be consumed in such non-productive details as carrying or wheeling materials from operation to operation, moving goods to and from warehouse, loading and unloading cars, etc.

Use Gravity! It's free! Harness it! There's work—a job, a place, an operation, a detail—about every plant, be it large or small, where Gravity can be used and time, labor and money saved.

Mathews Gravity Conveyer systems can be fitted, section by section, portably or permanently, to any industry, plant, yard, operation or production route. Mathews drawn-steel, ball-bearing rollers are so perfectly balanced and responsive to Gravity that most anything, from fragile objects to heavy crates, boxes, barrels, bags, castings, is conveyed gently at very slight inclines and at a moderate, uniform rate of speed.

Do yourself the good turn to look into gravity conveying. Drop us a line. We've a branch office near you, and a sales engineer courteous and willing to go over your plant and problems, point out the economies a Mathews can effect for you, and recommend the equipment *your* layout and business require—all without any obligation whatever on your part.

MATHEWS GRAVITY CARRIER CO.

Dec. 30 ..... 1257 to 1304

A

Aberdeen, Md., see Government Proving Ground.
Abrams, Prof. D. A., on effect of hydrated lime on concrete strength....55. (L. H. Hart and D. A. Abrams) letters 1295
Abrams, Prof. D. A., tests of stored cement. e1
Abutment, concrete, of thin walls tied by diaphragm *661

ACCIDENTS

Blasting, steam shovel sparks cause premature blasts h1249
Boston molasses tank, see Boston.
Building collapse, New York City, in rebuilding e1113, n*1155
Construction, standard method of recording n721, *845
Derrick, erection, falls with steel framework of school, Indianapolis *1294
Due to neglect of safety orders..... 1056
Molasses tank, see Boston.
Pittsburgh earth slide, Bigelow Boulevard .n1058, (M. R. Scharff) e1067, *1076
Score board record reduces industrial accidents h*1250
Ship bursts British dock gates..... n95
Toledo, Ohio, collapse of basin wall and roof e532, *537
Topeka, wall of store slides into excavation n1111
Transformer explosion kills 12..... n914
Truck, taking advantage of 1248
Wachusett turbine case blowout repeated *74
Accounting for water-works utilities..... 1026
Accounting system, simple, for engineering office (G. N. Pfeiffer)..... *154
Acetol, gasoline substitute 924
Acid process for sewage treatment, see Sewage Treatment.
Activated-sludge, see Sewage Treatment, Activated Sludge.
Adams, R. M., on removal of vegetation, Twin Falls canals *319
Adams, T., on industrial decentralization as cause for regional planning..... 31
Adding machine aids in computing mass curve ordinates (R. T. Brown)..... *1172
Advertisements, proposal, see Contracts, Advertisements.
Advertising, window display advertises engineering 490
Aërial cable tramway, long, in Northern Andes 177

AERONAUTICS

Airplane, mail, makes Cleveland-Mineola record e1065
Airplanes may be used to map Texas-Oklahoma boundary n238
Commercial aviation progress..... e678
Dallas aërial photo map 662
Forest fire control, airplane effective in..1291
Maps, air, tested at Washington n331
Photographs from airplanes, superposed, reveal changes in configuration..409. (S. H. Grauten) ..... letter 670
Railroad, Philippines, located by airplane 593
Safety code work under way..... n816
Surveying from the air (Col. E. Lester Jones) *1184
Tests of metal struts and beams for airplanes 112
Aggregate, see Concrete, Aggregate
Air, compressed, see Compressed Air.
Air bell carries bridge pier foundation to rock (W. M. Ray)..... h*379
Airplanes, Balloons etc., see Aeronautics.
Akron, Ohio, topographic survey, rapid progress (R. H. Randall).....150. (H. Gerharz) ..... letter 473
Alaska, Susitna River bridge built in winter n1299
Alaska Ry. cost per mile 249
Influenza halts work 342

Page

Alaska Road Commission reorganized....n625
Allured, J. E., on common sense and engineering.....a18, (R. E. Horton)..letter 326
Alurich, L., Sonoma County, Cal., engineer deceased, staff resigns..... n913
Alexandria County, Va., sanitary district created n45
Algae cause odors, Monona Lake, Madison, Wis. 907
Alams, D., Jr., on stream bed enlargements, Kansas *882
Allentown, Pa., public comfort station with unusual equipment *1145
Allied machinery smoker, New York..... n965
All-American canal survey, Imperial Valley, begun n626
Alley pavement increased by mechanical loading h*563, e589
Alley paving plants, mobile..... *283, e589
Alloa, Scotland, bridge damaged by destroyer 605
Alton R.R., see Chicago & Alton.
Alum, filter, see Water Treatment, Filters.
Alvord tank, see Sewage Treatment.
Amalgamated Sugar Co., Ogden, Utah, Mobile tower chuting plant..... h*330
America, Central and South, timbers and railway tie supply (A. W. Buel)..1139, 1141
American on Australian railway gage commission n626
Amer. Academy of Social and Political Science, *Annals*, industrial symposium, an e1017

AMER. ASSN. OF ENGINEERS

Activities..n46, n191, n287, n432, n626, n819
Admits founder society members without references n481
And on Federation n624
Baltimore Chapter plans home n819
Board of Directors quarterly meeting.. n94
Boston Chapter gets increase for state highway engineers..... n187
Building, trustees investigate purchase of n575
Butte Chapter arranges window display to advertise engineering..... 490
Chapters, new financial basis..... n245
Chapters plan clubhouses n819
Chicago Chapter says city's engineering service is threatened by dismissal of engineers n334, n383
To be represented at Pan-Pacific Scientific Congress by Miss King..... n233
Cleveland chapter officers..... n191
Committee on fees and services, report.1266
Conference on employment and education n818, n1109
Engineers, new definition of, presented to L. C. C..... n770, n1108
Dues, increased, referendum on..... n625
Employment service, free, national convention sponsored by A. A. E..... n626
Executive Committee urges engineer for International Commission n191
Honolulu Chapter organized..... n191
Industrial Department formed n144
Membership, 20,000 ..... n284
New York Chapter holds nonpartisan political meeting n913
Program favored by Presidential candidates n624
Publicity contest n480
Publicity Service distributes editorial praising engineers (C. B. Smith) letter 520
San Francisco Chapter recommendations on state engineers n191
St. Louis Chapter plans home..... n819
Trustees investigate purchase of building n575
Twin City Chapter members join educational classes n815
Will study city problems..... n332
Amer. Assn. of Port Authorities convention..... n431, n720
Amer. Assn. of State Highway officials to meet n671, n867, n1251
Supports Federal-aid bill n763
Amer. Bankers' Assn. indorses Federal aid highways n914
Amer. Chemical Soc. declines to affiliate with Federation n627
Fall meeting n481
Amer. Engineering Council, see Federated American Engineering Societies.
Amer. Engineering Standards Committee elects officers n1159
Safety codes work..... n816
American Falls Dam, proposed, progress on. 659
Amer. Federation of Labor and engineers e1017
Ousts radicals e1017
Amer. Institute of Consulting Engineers, Committee on Relations condemns North Tonawanda, N. Y., for unprofessional practice n722
Amer. Inst. of Elec. Engineers joins Federation n432
Representatives on Amer. Engineering Council appointed..... n911
American personnel for merchant marine.. 603
Amer. Public Health Assn. convention.....n625
Studies Government organization..... 794
Amer. Ry. Assn. committee on automatic train control n964

Page

Amer. Railway Bridge and Building Assn. meeting n915
Amer. Railway Engineering Assn. directors meet n817
Standard practice in railway work, adoption of e381, 38
American Road Builders Association annual meeting n965, n1015
Officers n1012
Amer. Rolling Co., Middletown, Conn., safety methods in building construction..h524
Amer. Soc. for Munic. Improvements convention program n237, n674, n814
Am. Soc. for Testing Materials, convention, report of committee reports, etc..... 12
Forecast of new activity e1
Standards adopted n674

AMER. SOCIETY OF CIVIL ENGINEERS

Amendments, see Constitution, Amendments.
And Federated Amer. Engineering Societies, see Federated American Engineering Societies, Am. Soc. C. E. and Federation.
Annual conference, plea for (G. S. Williams) ..... letter 570
Annual meeting n1253
Bridge committee appointed..... n1253
Candidates n723
Committees to study external relations.n1060
Constitution, proposed amendments..e437, (G. S. Williams) ..... letter 570
Defeated e725, n767
Discussed by Chicago members n626
Favored by Philadelphia..... n627
Lack of co-ordination e483
New amendments suggested by signers of "appeal" n867
Seven more proposed n1155
Urged by Pres. Davis..letter 570, and n575
Vote canvassed n719
Convention program n189
Convention, Portland, Ore..... n429
Davis, Pres., address 443
Reconstruction of society at convention e194, n235, n249
Discusses destruction of High Bridge, New York..... n1157
Ethics code of society cooperates with A. S. M. E. e1257
New York Section considers civic subjects n864
Discusses city's port problem..... n1253
Discusses rapid transit in New York.n1059
New spirit at meetings (F. Lavis), letter 1149
To discuss freight distribution..... n770
Nominations n723
Nominations for office, opposition candidates n1107
Phila. section for federation..... n768
Protests changed meeting..... n623
Presidential address, A. P. Davis..... 443
Proceedings curtailed..... n477
Proceedings, what will society do with? e774, (Lieut. W. A. Callaway)..letter 1101
Reconstruction and the convention..e194, n235, n249, e484 n525
Reverses action on discontinuance of Engineering Council n1253
Wants engineer on Commerce Commission n1059

AMER. SOCIETY OF MECHANICAL ENGINEERS

Annual meeting n527
To discuss transportation n1010
Ethics, code of, proposed by committee chairman e1066
Ethics code of society cooperates with Am. Soc. C. E. e1257
Material Handling Section formed..... n381
Suggestions asked of members..... n1300
Representatives on American Engineering Council appointed n723
Will discuss transportation..... n819, n1010
Amer. Soc. of Military Engineers, emblem.. *238
New York Post discusses Army reorganization n913
New York Post drive for membership.. n963
Organized n93
To attend 22d Regiment review..... n963
To meet n816
Officers n239
Amer. Soc. of Women Architects and Engineers n190
Amer. Train Dispatchers' Assn. recommendations to aid traffic..... e629

AMER. WATER WORKS ASSN.

Canadian Section formed..... n44
Convention, abstracts of papers, presidential address, election, etc..... 6
Seven sections 118
Standardization council e1
United action (C. E. Davis)..... 8
Amer. Wholesale Lumber Assn. protests demurrage penalty n576
Americans underbid by Germans for locomotives 1083
Anaconda Copper Co., engineers' work.... 1032. (W. C. Capron) letter, with editorial comment, 1298

*Illustrated; e, editorials; h, hints; n, news notes; a, abstracts

COAL
On B.t.u. basis, Chicago buys 741
Piers and hump yards, vertical curves for *208
Program not affected by road material shipments n525
Shortage may stop Government dredging. n477
Stored at St. Louis waterworks *411
Strike, British, see Labor, Strikes.
Trimmers, mechanical, solve ship loading problem (P. G. Lang, Jr.) *412
Coal truck accidents, taking advantage of. 1248
Coast Guard for Dept. of Commerce, in McCormick bill n1206
Coffee, sacked, delivered to ships by conveyors (S. T. Henry) *757
Cofferdam, air bell in, carries bridge pier foundation to rock (W. M. Ray) h*379
Collapse of basin wall and roof, Toledo, Ohio e532, *537
Colleges, see Education; also Universities.
Colorado tunnels, petitions for n44
State may not build n1302
Colorado River, huge reservoir on, for Imperial Valley n380
Regulation and utilization n477
Colorado Springs, manager for n139
Columbia Basin irrigation project, advantages of lining canals 892
$100,000 appropriated for study .e917, *944
Studied by Government n1206
Columbia Univ. starts 3-year course in industrial engineering n432
Columbus, Ohio, asphalt maintenance cost. 423
Garbage works, nine years' operation (J. W. Follin) *991
Water supply, treatment by ultra-violet light (R. D. Scott) 1283
Columns, concrete replaces wood, Kansas City warehouses *261
Column head inclosures insure safety. . 1148
Hooped, and construction joints in Galveston fire (W. J. Knight) ..... letter 1298
Jacketing, used to underpin concrete building (R. L. Bertin) *1129
Safety factor for e1258
Steel, erosion due to inadequate protection, Detroit (E. H. Eardley) . . *442, (B. de Alzugarey) letter 717
Three-column foundation continuous, analysis of (Prof. C. A. Ellis) . . *680 (A. Smith) letter 958
Comfort station, Allentown, Pa., with unusual equipment *1145
Commerce, better port terminals needed. . a1292
Commission for Standardization of Screw Threads, may be abolished n1206
Committee work, spur for e2
Common sense and engineering (J. E. Aldred) ..... a18, (R. E. Horton) letter 326
Composition Roofers' and Waterproof Assn. to return to competitive bidding n1302
Compressed-air work in New York, revised rules 1225
Compressed gas, see Gas, Compressed.

CONCRETE (MATERIAL) see also CONCRETE ABUTMENTS, ETC.

Aggregate:
Bank-run, 6-in., used on Stevenson Dam ..... e629, *638, (G. M. Williams) letter 959
Handled with drag scraper (H. W. Walter) e*90
Large size, use of . . e629, *638, (G. M. Williams) letter 959
Resistance, in Galveston fire (H. Pennington) ..... letter 1203
Slag, information on deterioration wanted (S. E. Thompson) ... letter 957
Slag, makes satisfactory concrete ... 689
Cement content, see Concrete, Tests
Chute, automatic, connects mixer and hoist bucket (S. Warren) h*1008
Chuting, plant, cable erection and tower details h*42
Tower, mobile h*330
Cold weather, concrete in e1018
Elasticity, more tests 81
Fire, effect on concrete in warehouse, Galveston (E. B. Besselievre and W. J. Knight) .... *980, (E. Godfrey and E. A. Cross) letters 1101
Flat slab action, see Concrete, Reinforced Concrete, Flat Slab, etc.
Foreman should be educated . . . e338, (A. Mieres y Llera) letter 908
Forms:
Center form for wide concrete road . . 1203
Pressure on, measured 1026
Telescoping, for concrete piles, Cotten patent n434
Wall form saves labor and lumber (F. W. Hodson) h*427
Hydrated lime; does it weaken concrete? (L. H. Hart and D. A. Abrams) letters 1295
Hydrostatic pressure 1026
Inspector should be educated . . . e338, (A. Mieres y Llera) letter 908
Light, "Porete" n*144
Lime, hydrated, effect on concrete strength ..... 55, (L. H. Hart and D. Abrams) letters 1295
Making and placing, theory and practice ..... e338, (A. Mieres y Llera) letter 908
Mixers and Mixing:
Paver places batch of minute-mix every 75 sec. h*234
Plant designed for long narrow site . . h*329
Plant, simple, makes good record in dam construction *202
Presaturated sand facilitates mixing... *264

Page
Placing and making, theory and practice ..... e338, (A. Mieres y Llera) letter 908
Plant for buildings h*89, h*137, h*185
"Porete" put on market n*144
Pressure on forms measured 1026
Proportioning, see Concrete, Tests.
Rats, concrete for e337
Reinforced:
Design simplified .... e97, (H. Willcox) letter 373
Flat-slab moment coefficients .... e289, *300, e385, (C. A. P. Turner) letter 620
Flat slab working drawing, typical (H. H. Sondheim) *1171
Flat slab reinforcement, wire mesh for (S. Goldstein) *883
In Galveston warehouse fire .... *980, (E. Godfrey and E. A. Cross) letters 1101, (W. J. Knight) letter 1298
Mesh reinforcement, tool for tightening h*813
Regulations, flat-slab, New York City ..... e289, *300, e385, (C. A. P. Turner) letter 620
Rigid joint anlysis in concrete frames. e97, (H. Willcox) letter 373
Shear in; challenge by E. Godfrey.. letter *423
Steel strength reduced by coatings . . 1092
Three-way reinforcement simplified (G. Oxford) h*1009
Wire mesh for flat slab reinforcement (S. Goldstein) *883
Slag aggregate satisfactory 689
Surfaces, unsightly e1161
Tests:
Cement content controlled by field beam tests (M. G. Findley) *703
Effect on inert powders on strength . . 55
Elasticity, more tests 81
Lime, hydrated, effect on concrete strength ..... 55, (L. H. Hart and D. A. Abrams) letters 1295
Surface area measured by maximum bulking of sand *82
Tower, rigging for raising h*428
Winter e1018

Concrete abutment of thin walls tied by diaphragm *661
Concrete arch, see Arches, Concrete.
Concrete beams, see Beams, Concrete.
Concrete blocks, precast, used on dam revetment *26
Concrete building lightened by cellular flat slabs (O. S. Hussey) *776
Concrete building, 16 stories, for New York City n431
Concrete cantilever construction in garage . *609
Concrete cap footings, practical design (H. H. Frenzel) ..... *464, (H. H. Frenzel) letter 861
Concrete floors and columns replace wood. Kansas City warehouses *261
Concrete floors, screeds, "Kingpin" support for n*288
Concrete girders, see Girders Concrete.
Concrete lining for irrigation canals without forms (F. Cuttle) *17
Concrete mattress block-laying, high-speed. Miami River *248
Concrete membrane lining placed in Herron Hill reservoir, Pittsburgh *1043
Concrete Mixing & Placing Co., Chicago, gets Swiss contract n382
Concrete piers hooped in upper part 693
Concrete pipe, device for handling h*813
Concrete ships, see Ships, Concrete.
Concrete slabs, precast, for elevated-railway floor *120
Concrete surfaces, unsightly e1161
Concrete towers for water tanks Chic. & N. W. Ry. *1143
Concrete trusses and cantilever girders in theater *604
Concrete warehouse, Galveston, effect of fire in (E. B. Besselievre and W. J. Knight) *980, (E. Godfrey and E. A. Cross) letters 1101
Concrete water tanks made in Germany . . 1250
Condemnation proceedings not for public utilities e1065
Condensers, oil refinery, sea water for, secured by gravity (L. H. Watts) *324
Conduit capacity and reservoir storage (F. B. Marsh) 1179
Congress expected to aid construction work. n623
Congressional Joint Commission on Salaries' report n43
Compared with Engineering Council's ... 224
Connecticut highway practice e1113, 1120
Connecticut highways, traffic on New York-New Haven highway 1049
Connecticut Light & Power Co., Derby, Conn., Stevenson Dam large sized aggregate used .... e629, *638, (G. M. Williams) letter 959
Connor, Brig. Gen. W. D., to head Inland Waterway Division n*331

Service, free, national convention.....n626
Engineer Corps, U. S. A., see Army, Corps of Engineers.

ENGINEERING

Advertised by window display 490
And naval base e1258, *1290
And shipbuilding exposition, Glasgow....n721
Examiners see Engineers, Licensing.
Common sense and engineering (J. E. Aldred).....a18, (R. E. Horton) letter 326
Costs cut unwisely e677
Costs, low, poor policy to boast of..... 230
Courses for ex-service men 758
Definition needed, as basis for licensing (W. H. Drane) .....letter 40
Historic works e193
History of (Prof. C. Matschoss) 415
In life of people 876
Industrial, 3-year course started, Columbia Univ. n432
Interstate e967
Man-power (C. F. Dingman) 72
Office, simple accounting system for (G. N. Pfeiffer) *154
Problems, national policy on, discussed by Hoover 544
Publicity, need for e1162
Reports, writing (D. W. Mead).....891, e918, opinions by General Black and others, 947, (J. W. Alvord) letter 1055, (W. K. Palmer and M. Knowles) letters 1102, (W. N. Mitchell) letter 1248

ENGINEERING COUNCIL

Am. Soc. C. E. reverses action on discontinuance of Council n1253
Classification and compensation of engineers, proposed (H. W. Levy) letter 669
Committee on Classification and Compensation statement n43
Compares its own and Congressional report 224
Committee on Licensing on what is an "engineer" e193
Favors single quantity estimate n94
Indorses federated societies.....n43, e49
Meeting, Chicago approves model license law, etc. n867
Meeting, final n1299
Military Affairs committee reports.....n722
Pay schedule, officials urged to accept..n284
Studies Government organization..... 794
Urges engineer for Shipping Board.....n965
Water Conservation Committee.....n525
Engineering Foundation and an American hydraulic laboratory (A. D. Flinn) letter 88
Asks gifts n478
Gets $200,000 gift for research n1252
Engineering Institute of Canada, "live" professional meetings e727
Manitoba Branch adopts salary schedules, defines qualifications n1013, 1191
Officers named n1015
Ontario Provincial Division, professional meeting n529
Professional meeting n624
To meet at Niagara Falls and Banff....n332

Page

ENGINEERING NEWS-RECORD

"Average engineer." issues for, July 22 and Dec. 16 .....e145, e1162
History and editorial staff 1
Water works number, Sept. 2, 1920.
Engineering schools, ex-service men in....1190
Show registration increase.....1192

ENGINEERS

Adventures in new fields.....e435
Advice free.....21, (N. Gerten) letter, with editorial comment, 184, (W. Bernhardt) letter 232
And contractors—mutual use, not abuse (S. H. Wright).....1166
And labor e1017
And our industrial problems (H. C. Hoover) 1053
And the law (L. B. Corey).....letter 1151
As port planners e822
"Average" issues for, July 22 and Dec. 16 .....e145, e1162
British, move to protect title "civil engineer" (E. J. Mehren) 227
Business man's views on, H. L. Ferguson 34
City and private work (E. P. Burke) letter 374
And zoning (E. S. Rankin)..... 884
Protected against investigators, San Francisco n1252
City planning offers new opening.....e290
Civilian, to be examined for Navy Corps n45
Classification, uniform, engineers in public service would gain by (H. W. Levy) letter 669
Competition, unfair....21, (N. Gerten) letter, with editorial comment 184 (W. Bernhardt) letter 232
Consulting, condemn North Tonawanda, N. Y., for unprofessional practice..n722
City must pay fee for services 1298
Fees and services of practicing and consulting engineers, A. A. E. report.1266
Fees, various schedules..... 941
Definition of, new, by A. A. E.....n770
Cost-plus work, engineer's duties on (H. M. Bryant)....letter 40, (H. G. McCormick) letter 279
Drainage, upheld in Crane Creek, Ill., case n46
Education and employment, Chicago conference, by A. A. E. n1109
English for, see English.
Epidemics and the engineer e435
Ethics, code of, Am. Soc. C. E. and A. S. M. E. co-operate in e1257
Ethics, code of, no general.....e1066
Fees, "crossover practice" and standard fees in legal profession (O. H. Tripp) letter 279
Fees and services of practicing and consulting engineers 1266
Fees, city must pay for services.....1298
Freshman, advice to.....1024
Government, organize Federal Club, Washington, D. C. n93
Highway, see Highways, Engineers
In port planning e1257
Itinerant 1218
Law and engineers (L. B. Corey)..letter 1151
Licensing:
Architects' boards have council.....n1110
Arkansas law urged.....n286
Boards of examiners form council...n1108
British 362
British, move to protect title "civil engineer" (E. J. Mehren)..... 227
Definition of engineering needed (W. H. Drane) .....letter 40
Engineering Council committee on what is an "engineer" e193
Examinations in various states 1144
Examiners, National Council formed..e967
Illinois asks proof of ability..... 77
Laws begin to restrict e2
Minnesota engineers back bill n574
Minnesota bill, St. Paul society opposes clause n964
Model law approved by Engineering Council n865
National Council of State Boards of Engineering Examiners formed.....e967
New York State board named.....n1010
Ohio bill, proposed n912
Oregon grants 41 licenses.....n332
Saskatchewan bill fails n1299
Virginia examiners appointed..n722, n819
Working of laws 38
Manitoba, salaries and qualifications, n1013, 1191
Massachusetts Civil Service Commission and (T. N. Ashton).....letter 41
Mexican, Ibañez's reference to (F. Lavis) letter 40
Minnesota, join architects in federation.. n43
New opening city planning offers.....e290
New York City, get increase.....n912
Opening, new, city planning offers.....e290
Pay:
California state engineers, recommendations of San Francisco A. A. E....n191
Congressional Joint Committee's report n43
Congressional and Engineering Council recommendations compared..... 224
Educators', discussed by Society for Promotion of Engineering Education n92
Engineering Council committee statement n43
Engineering Council's proposed classification, etc. (H. W. Levy)....letter 669
Engineering Council schedule, officials urged to accept n284
